

HARSHAD GAWADE

Java Full Stack Developer

+91 9404214920 | Hinjewadi Phase 1, Pune | harshadgawade997@gmail.com | linkedin.com/in/harshadgawade707

PROFESSIONAL SUMMARY

Entry-level Java Full Stack Developer skilled in Core Java, OOP, Spring Boot, REST APIs, Spring Data JPA, Hibernate, MySQL, React Basics and web application development. Built hands-on projects including a Spring Boot Quiz REST API with layered MVC architecture, database integration, answer validation, scoring logic, and Postman API testing. Strong understanding of CRUD operations, role-based access concepts, backend service design, and clean separation of Entity, Repository, Service, and Controller layers.

TECHNICAL SKILLS

Programming: Core Java, Object-Oriented Programming, Exception Handling, Multithreading, SQL, PHP

Backend: Spring Boot, Spring Framework, Spring Web MVC, REST API Development, Spring Data JPA, Hibernate

Database: MySQL, H2 Database, CRUD Operations, Entity Mapping, Query Methods

Frontend: HTML, CSS, JavaScript, React basics

Tools: Maven, Lombok, Postman, Git/GitHub, IntelliJ IDEA

Concepts: MVC Architecture, Dependency Injection, Spring Security basics, Microservices concepts

WORK EXPERIENCE

Java Developer Intern (Project-Based)

Imperium Pvt. Ltd., Shivajinagar, Pune | Nov 2025 - Feb 2026

Tech Stack: Java, Thymeleaf, HTML, CSS, MySQL, JDBC

- Worked on a Java web application using Thymeleaf, HTML, CSS, MySQL, and JDBC.
- Assisted in backend logic, form handling, and database operations for application modules.
- Wrote and modified SQL queries for storing, fetching, and managing application data.
- Debugged application issues, tested workflows, and improved page functionality with the project team.

PROJECTS

Spring Boot Quiz Application :

https://github.com/harshu0316/BrainBuzz_QuizApp

Java 17, Spring Boot 3.2, Spring Data JPA, MySQL, Lombok, Maven, Postman | Apr 2026

- Built a RESTful quiz application from scratch using layered MVC architecture with Entity, Repository, Service, and Controller components.
- Integrated a MySQL quiz_questions table using JPA entity mapping and Spring Data repository methods for category, difficulty, ID, and random-question retrieval.
- Implemented service-layer logic for answer validation, quiz score calculation, random question selection, and adding new questions to the database.
- Created and tested 8 REST endpoints in Postman for question retrieval, filtering, checking answers, submitting quizzes, and creating questions.
- Used JetBrains Qodana for static code analysis to identify code quality issues and improve maintainability

Business Management System

https://github.com/harshu0316/business_Project_Springboot

Spring Boot, MySQL, Spring Security, REST APIs | Dec 2025 - Feb 2026

- Developed a business management system to manage bulk orders, product stock, user-wise orders, and staff/customer workflows
- Built backend REST APIs for CRUD operations and implemented role-based access concepts for administrators, customer, and Staff.
- Used MySQL for data persistence

Gym Management System

https://github.com/harshu0316/orca_gym-services

PHP, MySQL | Sep 2025 - Oct 2025

- Developed a gym management web application to manage member registrations, membership plans, payment tracking, attendance records, and trainer assignments.
- Implemented separate login panels for admin, trainer, and member users, with MySQL-backed data storage for operational records.

EDUCATION

Bachelor of Computer Applications :

8.2 CGPA, Dnyansagar Institute of Management and Research, Pune | Jun 2023 - Apr 2026

H.S.C. (12th) :

63% | Rani Parvati Devi High School and Junior College, Sawantwadi | May 2021 - Mar 2022

S.S.C. (10th) :

86% Choukul English School, Choukul, Sawantwadi | Jun 2019 - Mar 2020

CERTIFICATIONS AND ADDITIONAL INFORMATION

- Certifications: Java Intermediate (SoloLearn), SQL (Great Learning)
- Coding Practice: Solved 30+ LeetCode problems
- Languages: English, Marathi, Hindi
- Activities: Participated in intercollegiate hackathons and volunteered at college-level events
